** Benefits are subject to change without notice.*

Nationwide Boiler Inc. has an immediate employment opportunity for a qualified Mechanic II. Under general supervision, major duties will be the repair and maintenance of boilers and auxiliary equipment. This includes pipe-fitting and other basic mechanical repairs at Nationwide Boiler's 25,000 sq. ft. fabrication facility, located in Fremont, CA.

Major Duties & Responsibilities (may include but not limited to the following):

- Performs proficiently the duties of Mechanic I.
- Inspect all rental fleet and used equipment as equipment arrives on site for damage, missing items, and completeness. Inspect equipment prior to leaving site to ensure all equipment meets the requirements of the Equipment Movement Notice. Inspect equipment upon leaving site to ensure all equipment has been secured properly, drained to prevent freeze damage, and will not be subject to transportation damage.
- Inspects and identifies repairs and/or maintenance work on boiler and auxiliary equipment.
- Disassembles and reassembles equipment to perform maintenance and/or repair work.
- Performs repairs to equipment components.
- Performs layout and fitting threaded and welded pipe systems.
- Fabricates and welds brackets, supports, steel structures, etc.
- Able to bend tubing and pipe both large and small diameter.
- Recommends purchase of materials needed to perform job.
- Willingness to assist managers in resolving unexpected job related problems.
- Performs other related duties as assigned.

Education & Experience

- High school diploma or equivalent; 2 to 4 years previous experience in pipe-fitting, welding, or boiler maintenance and repair.

Specific Knowledge & Skills

- Working knowledge of valves and pumps, pipe-fitting, blueprint reading and fabrication with various materials.
- General knowledge of safety practices and procedures. Skill in using power tools, forklift, over-head crane.

Equipment Operated

- Ability to operate all shop power equipment in a safe and responsible manner.

Reporting

This position reports to Senior Mechanics and/or the Shop Superintendent. General shop hours are from 6am to 2:30pm Monday through Friday. Must be flexible to work weekends as needed.
