

FOR IMMEDIATE RELEASE**NEW SITE LAUNCHED FOR NATIONWIDE BOILER INC.**

Fremont, California, May 21, 2013.....Nationwide Boiler Inc. has announced the redesign and launch of www.nationwideboiler.com. The new site has been developed to quickly provide information and resources to site visitors seeking rental, new, or reconditioned boiler equipment and integrates additional product information pertaining to Nationwide Boiler's environmental product line, including low emissions and energy efficiency solutions (the Nationwide Boiler CataStak™ SCR system and EconoStak economizers).

“We had several major goals we wanted to achieve when redesigning the new website for Nationwide Boiler; however our main priority was answering the most essential and common question of ‘What does Nationwide Boiler do?’. Our new site not only makes that very apparent through vivid graphics and engaging messaging, but also presents the most current and accurate information needed to aid in informed buying decisions,” states Michele Tomas, Marketing Manager.

For nearly fifty-years Nationwide Boiler Inc. has provided a complete line of industrial low NOx boilers, mobile rental units, and boiler related equipment for rental, short-term, seasonal, emergency use, or for sale. The firm's headquarters are in Fremont, California with sales and service agents located throughout the world. Visit www.nationwideboiler.com for details.
